v.

COMMUNICATIONS SYSTEMS LLC; and
EXTREME NETWORKS, INC.

Defendants.

Case No. 3:20-cv-00451

**BROADCOM INC.’S SECOND SUPPLEMENTAL RESPONSES AND OBJECTIONS
TO SNMP RESEARCH, INC.’S FIRST SET OF INTERROGATORIES**

Defendant Broadcom Inc. (“Broadcom”), by and through its attorneys, and pursuant to Rule 33 of the Federal Rules of Civil Procedure, hereby provides its first supplemental responses and objections to Plaintiff SNMP Research, Inc. (“SNMP”) First Set of Interrogatories (“Interrogatory,” “Interrogatories”), served on December 26, 2020.

PRELIMINARY STATEMENT

1. Broadcom’s investigation and development of all facts and circumstances relating to this action is ongoing. These responses and objections are made without prejudice to, and are not a waiver of, Broadcom’s right to rely on other facts or documents at trial. These responses and objections, while based on diligent inquiry and investigation by Broadcom, necessarily reflect only

CONFIDENTIAL INFORMATION

the current state of Broadcom's knowledge, understanding and belief based upon the information reasonably available to Broadcom at this time. Thus, Broadcom expressly reserves the right to supplement, clarify, revise, or correct any or all of the responses as new information is learned.

2. By making the accompanying responses and objections to SNMP's Interrogatories, Broadcom does not waive, and hereby expressly reserves, its right to assert any and all defenses, including that the Court lacks personal jurisdiction over Broadcom and venue is improper. Broadcom serves these responses and objections in reliance on prior representations made by counsel for Plaintiffs that they will not argue that such responses and objections constitute a waiver of any such defenses. Moreover, these responses and objections are served pursuant to the Court's June 25, 2021 ruling, which specified that "Defendants' participation in discovery while their motions to dismiss are pending (including propounding their own discovery) or the entry of a protective order will not be construed as a waiver of their personal jurisdiction or improper venue defenses." ECF No. 75 at 16-17. By making the accompanying responses and objections to Plaintiffs' Interrogatories, Broadcom does not waive, and hereby expressly reserves, its right to assert any and all objections as to the admissibility of such responses into evidence in this action, or in any other proceedings, on any and all grounds including, but not limited to, competency, relevancy, materiality, and privilege. Further, Broadcom makes the responses and objections herein without in any way implying that it considers the Interrogatories or responses thereto to be relevant or material to the subject matter of this action.

3. Broadcom responses are amended to conform to Judge Poplin's April 22, 2022 Memorandum and Order on Plaintiffs' Motion to Compel ("April 22, 2022 Order"), as Broadcom reasonably understands it. However, by making such amendments, Broadcom reserves its right to

CONFIDENTIAL INFORMATION

challenge the April 22, 2022 Order as may be permissible by law or applicable rules and/or to seek further relief or clarification as needed.

4. Per the April 22, 2022 Order, Broadcom is limiting its discovery responses to Brocade Communications Systems LLC and Broadcom Inc. Broadcom understands from Plaintiffs that software provided by Plaintiffs pursuant to other license agreements with Broadcom Corporation and CA, Inc.—two Broadcom Inc. affiliates—is excluded from their discovery requests as those license agreements are not the subject of their Complaint. Moreover, no other affiliate of Broadcom Inc. or Brocade Communications Systems LLC (more than 150 entities identified in organization charts produced to Plaintiffs) is relevant to this action as they are not parties to this action, there is no allegation pertaining to them in the Complaint, and the subject matter of the Complaint concerns a license agreement between Brocade and SNMP Research International, Inc. and Brocade’s divestiture to Extreme Networks.

5. Broadcom responds to each Interrogatory as it reasonably interprets and understands the Interrogatory. If SNMP subsequently asserts an interpretation of any Interrogatory that differs from Broadcom understanding, Broadcom reserves the right to supplement its responses and objections thereto.

6. Based on Plaintiffs’ explanations regarding the meaning of “Partner Products” in their Motion to Compel and the parties’ meet and confer discussions, where applicable, Broadcom will construe the term “Partner Products” to refer to “the products identified in Paragraph 64 sold under other [third-party] brands”. (Motion to Compel at p. 16; *see also* Weber 7/20/21 email (defining “Partner Products” as products that “Brocade ships...through other OEMs under that OEM’s brand.”).

CONFIDENTIAL INFORMATION

7. Plaintiffs allege the works listed in Table 1 of their Complaint (ECF No. 1 at 7) are subject to copyright protection and were registered with the United States Copyright Office. These works, as well as the software version allegedly provided to Brocade under the License Agreement at issue, were not made available by Plaintiffs for review until April 22, 2022, and are still being reviewed and analyzed by experts retained by the parties in this case. As of today, Broadcom does not know the contents of those works or the similarities and differences among them. Thus, as indicated above, Broadcom reserves the right to supplement, clarify, revise, or correct any or all of the responses as new information is learned regarding Plaintiffs' allegedly copyrighted works.

8. The term "License Agreement" means the license agreement, as amended, attached as Exhibit A to Plaintiffs' Complaint.

9. These responses do not include information prior to 2017, as Broadcom understands Plaintiffs are not seeking information prior to 2017.

Broadcom construes the terms “You,” “Your,” and “Broadcom” to mean only the specific entity named as a defendant in this action, Broadcom Inc. and “Brocade” to mean only the specific entity named as a defendant in this action, Brocade Communications Systems LLC. responsive to this Interrogatory. Broadcom has received no payments for any alleged transfer of Plaintiffs' software to Extreme. To the extent this Interrogatory is seeking the price paid by Extreme to acquire Brocade's data center switching, routing, and analytics business in October 2017, although no amount of the purchase price was attributable to Plaintiffs' software, this information is publicly available at www.sec.gov (under Company Filings, Extreme Networks). The acquisition was originally valued at \$55 million, which included \$35 million at closing and \$20 million in deferred payments over a five-year period. However, the \$20 million in deferred payments was never paid by Extreme. The "Consent Payment" reflected in public filings was made to Broadcom Corporation, another Broadcom Inc. subsidiary. Moreover, Brocade had originally purchased this data center business from Foundry Networks in 2008 for \$2.6 billion, so the divestiture to Extreme was ultimately a loss for Brocade.

INTERROGATORY NO. 15:

Describe Broadcom's involvement in the transfer (by disclosure, license, sale or otherwise) of SNMP Research Software that was/is in the possession of Brocade or Broadcom to Extreme, including without limitation the duration of Broadcom's involvement and the Identity of the Persons involved and their roles.

privilege or the attorney work product doctrine (withholding to the extent privileged, responsive documents are identified).

Subject to and without waiving these objections, Broadcom responds as follows:

Broadcom construes the terms “You,” “Your,” and “Broadcom” to mean only the specific entity named as a defendant in this action, Broadcom Inc. and “Brocade” to mean only the specific entity named as a defendant in this action, Brocade Communications Systems LLC. Broadcom Inc. is a parent holding company and was not involved in any transfer of Plaintiffs’ software to Extreme. For context, Broadcom Limited (Broadcom Inc.’s predecessor) acquired Brocade in November 2017 after Extreme purchased Brocade’s data center switching, routing and analytics business in October 2017. Broadcom Limited originally planned to purchase Brocade prior to Brocade’s divestiture to Extreme, but that did not end up happening due to delays caused by a review by the Committee on Foreign Investment in the United States (CFIUS). Information regarding these transactions is publicly available and can be found at www.sec.gov (under Company Filings, Extreme Networks).

INTERROGATORY NO. 16:

Describe Broadcom’s involvement in Brocade’s sale, production, disclosure, transfer, licensing, distribution, and/or creation of Products containing SNMP Research Software, including without limitation the duration of Broadcom’s involvement and the Identity of the Persons involved and their roles.

Subject to and without waiving these objections, Broadcom responds as follows:

Broadcom construes the terms “You,” “Your,” and “Broadcom” to mean only the specific entity named as a defendant in this action, Broadcom Inc. and “Brocade” to mean only the specific entity named as a defendant in this action, Brocade Communications Systems LLC. Broadcom Inc. is a holding company—not an operating company—and is not involved in the sale, production, disclosure, transfer, licensing, distribution, and/or creation of Brocade’s products, whether they contain SNMP Research software or not.

INTERROGATORY NO. 17:

SECOND SUPPLEMENTAL RESPONSE TO INTERROGATORY NO. 17:

Describe Broadcom’s direct or indirect involvement in marketing, advertising, selling, servicing, or distributing nationwide any Products containing SNMP Research Software.

Broadcom objects to this Interrogatory on the basis that the Court overseeing this litigation lacks personal jurisdiction over Broadcom. Broadcom further objects to this Interrogatory as this jurisdiction is an improper venue for this action. Information is not being withheld pursuant to these objections. Broadcom further objects to this Interrogatory to the extent it seeks disclosure of any information, documents, or other tangible things that is protected by the attorney-client privilege or the attorney work product doctrine (withholding to the extent privileged, responsive documents are identified).

CONFIDENTIAL INFORMATION

Subject to and without waiving these objections, Broadcom responds as follows:

Broadcom Inc. is a holding company with no employees and was not involved in the marketing, advertising, selling, servicing, or distributing nationwide of the products identified in Interrogatory No. 1. Brocade does post certain information about its products on www.broadcom.com, as Plaintiffs noted in their opposition to Defendants' motion to dismiss/transfer, but Broadcom Inc. does not believe this means Broadcom Inc., a holding company, is involved in marketing, advertising, selling, servicing, or distributing Brocade products.

INTERROGATORY NO. 19:

INTERROGATORY NO. 24:

Identify each individual with knowledge of the information contained in any of the answers to these interrogatories designating the number of each interrogatory for which such Person(s) has knowledge.

SECOND SUPPLEMENTAL RESPONSE TO INTERROGATORY NO. 24:

Broadcom objects to this Interrogatory on the basis that the Court overseeing this litigation lacks personal jurisdiction over Broadcom. Broadcom further objects to this Interrogatory as this jurisdiction is an improper venue for this action. Information is not being withheld pursuant to these objections. Broadcom further objects to this Interrogatory to the extent it seeks disclosure of any information, documents, or other tangible things that is protected by the attorney-client privilege or the attorney work product doctrine.

Subject to and without waiving these objections, Broadcom responds as follows:

Other than counsel, the following individuals may have general knowledge regarding the information provided in these interrogatory responses: Jack Rondoni (BSN SVP & GM), Martin Skagen (VP R&D SAN USA), Steve Gleason (Finance). Moreover, other individuals identified in the parties' initial disclosures may have knowledge of the information contained in the answers to these Interrogatories. From Broadcom's initial disclosures, individuals not already named above include Mark Brazeal, Vamsi Balimidi, Zahid Hussain, and Larry Fitterer. Mark Brazeal would have general knowledge regarding the answers to the interrogatories concerning Broadcom Inc. Steve Gleason would have knowledge concerning interrogatories seeking financial information. The remaining individuals may generally have knowledge about Brocade's products and divestiture and the interrogatories above relating thereto.
